31st Annual Conference New York Neuropsychology Group

Supported by Beth Israel Medical Center
& the Psychology Section
of the New York Academy of Sciences

THE EVOLUTION OF NEUROPSYCHOLOGY: From Assessment to Virtual Reality

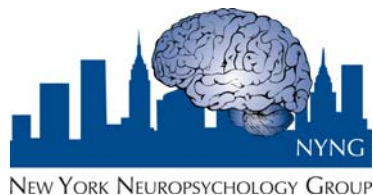

**FRIDAY
MARCH 26, 2010**

**Beth Israel Medical Center
Bernstein Pavilion-Podell Auditorium**

**Entrance on Nathan Perlman Place
(located between 1st and 2nd Avenue Between
East 15th & 16th St)**

THE EVOLUTION OF NEUROPSYCHOLOGY: From Assessment to Virtual Reality

The 31st annual NEW YORK NEUROPSYCHOLOGY GROUP conference will explore the evolution of clinical neuropsychology and the role of technological advancements influencing its future. Speakers will pay homage to the pioneers in the early development of cognitive assessment, and discuss progress that has resulted with the use of advanced neuroimaging techniques. We will address the future of the field, including progress that is being made with the assistance of computer applications, such as the assessment of “real world” functioning through virtual reality technology.

The New York Neuropsychology Group is a multidisciplinary nonprofit scientific and educational organization, founded in 1979 to provide a forum for the discussion of brain-behavior relationships

Program Schedule

- 9:00 Registration
- 9:30 Organizers' Opening Remarks
- 9:50 Historical Development of the Neuropsychological Test Battery
- William B. Barr, PhD, ABPP/CN**
Chief of Neuropsychology
Associate Professor of Neurology/Psychiatry
New York University School of Medicine
- 10:35 Audience Participation
- 10:45 Morning Break
- 11:00 What Has the Marriage of Neuropsychology and Neuroimaging Taught Us About Cognitive Aging?
- Adam M. Brickman, PhD**
Herbert Irving Assistant Professor
College of Physicians and Surgeons
Columbia University
- 11:45 Audience Participation
- 12:00 Lunch Break
- 1:30 To Infinity and Beyond—
The Future of Neuropsychology
- Russell M. Bauer, PhD, ABPP/CN**
Professor and Chair
Department of Clinical and Health Psychology
University of Florida

- 2:25 Virtual Reality and Neuropsychology :
A Brief Review of the Future!
- Albert A. Rizzo, PhD**
Associate Director
Institute for Creative Technologies
Research Professor, Dept. of Psychiatry
and School of Gerontology
University of Southern California
- 3:10 Audience Participation
- 3:20 Speakers' Roundtable Discussion
- 3:45 Conference Ends
